Statement date: 11 Jun 2016

From 1 December all our Sky Talk packages are changing. Your current package will no longer be available and we'll automatically move you to one of our new packages. You should have received a letter/email letting you know about the change and confirming which new package we'll be moving you to on 1 December. This change is reflected in the name of the Sky Talk package shown here. You'll stay on your current Sky Talk package and pricing until 1 December unless you choose to change before. You can change your plan at any time - [www.sky.com/pricechange](http://www.sky.com/pricechange)
